

TINA LOREN

FOUNDER & CEO

SPEAKER

AUTHOR

First-Gen Latina MBA who broke the Fortune Top 3 glass ceiling & dominates her entrepreneurial journey

*Success is about overcoming personal barriers and embracing innovation. As a young woman rising through the ranks at the male-dominated Ford Motor Company, this was my **success formula** – and now more than ever, it's vital for today's leaders.*

*I offer two impactful approaches to inspire and equip your audience. The first focuses on **Business & Mindset mastery**, using relatable stories and actionable strategies to overcome limiting beliefs, build confidence, and redefine success. The second explores **AI-driven strategies** for faster, smarter decision-making, helping your audience stay ahead in a rapidly evolving world.*

*With **immediate, actionable takeaways**, attendees will leave energized, empowered, and ready to tackle challenges. While Your Journey, Your Rules: The Be Your Own Boss Blueprint offers a deeper 13-week dive, my keynote delivers the motivation & insights needed to create lasting change. **Your audience will walk away with the tools to take charge of their path and own their future.***
